

LEAD WITH QUALITY

INTERACT

TRAINING | CENTERS OF EXCELLENCE | CONSULTATION | LICENSING

Clinically Driven. Quality Focused.

With **INTERACT™** (Interventions to Reduce Acute Care Transfers) **Quality Improvement Program (QIP)**, training and resources, your clinical team remains focused on providing quality care and the management of acute change in patient condition.

Specific Training for Physicians/Practitioners

This physician/practitioner session highlights the INTERACT™ QIP strategies, care processes, tools and other resources for post-acute care providers, to implement to improve care with changes in condition and to prevent hospital transfers, when safe and feasible. This session will provide strategies for physicians/practitioners to be able to identify expectations for use of the INTERACT® tools and resources and to support organizations with use of the INTERACT™ QIP to improve unnecessary hospitalizations.

Training Options for Clinicians and the Care Team

- **Clinician INTERACT™ Training** – virtual training for clinicians providing an overview of the INTERACT™ Quality Improvement Program, clinical roles and operational processes for successful outcomes.
- **INTERACT™ Certified Champion Training** – for individuals, providers and organizations to successfully prepare for the INTERACT™ Certified Champion Certification exam.
 - Skilled Nursing
