## Your Platform For Success: INTERACT Licensing

As providers continue to focus on initiatives to reduce hospital readmission rates, having a comprehensive solution to support the implementation of quality improvement programs is vital.

INTERACT (Interventions to Reduce Acute Care Transfers) is a quality improvement program that focuses on the management of acute change in patient condition. It includes clinical and educational tools, strategies to implement them and related educational resources.

### Your Path To Improved Outcomes

Pathway Health holds the exclusive licensing agreement with Florida Atlantic University as the sub-licenser of the copyrighted INTERACT for Skilled Nursing, INTERACT for Assisted Living and INTERACT for Home Health Care, to entities, such as Electronic Health Record providers and other technologies, that want to incorporate INTERACT into their product offerings, including printed materials, Electronic Health Record platform and other resources, tools and products.

### Key benefits of incorporating INTERACT content:

- Build INTERACT tools directly into your software platform and product solutions.
- Provide streamlined access to INTERACT, a comprehensive quality improvement program.
- The ability to use the INTERACT logo in promotional materials.
- Software partners and solution providers who have licensed INTERACT will be promoted on Pathway-INTERACT.com.

# INTERACT Licensing Options

The INTERACT QIP includes tools and forms that are broken into four domains as shown below. These domains may be licensed individually, in combination, and there is a discount when licensing all four.

Here are the tools and forms included in each domain:

## INTERACT Domain Area Licenses:

- Advance Care Planning
- Communications
- Decision Support
- Quality Improvement
- Full INTERACT License (all 4 domains)

**Please contact us for pricing options.**
